Volume 1, Issue 3

## NewsScope

The newsletter of Lumetrics, Inc., makers of OptiGauge

### In This Issue

[Better than Beta](#)

[MD&M East and RoLSS](#)

[Lumetrics and Kundig partnership](#)

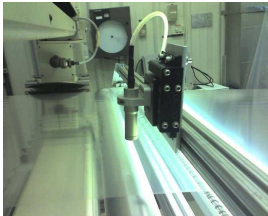

[More About Us](#)

This month we'll be reviewing what to expect at both the MD&M East show in New York City, as well as the National Plastics Exposition in Chicago where we will be exhibiting along with our latest OEM partner Kundig Control Systems.

Lumetrics is introducing a complete Recession Care Package that will allow customers to start saving inspection dollars and return exceptionally higher quality. At MD&M we'll also be introducing 2 new Lumetrics sales people for the Midwest and Southeast US

We hope you enjoy this issue

### Better Than Beta!

Compare the OptiGauge to a nuclear gauge and see why other companies have already replaced their old nuclear source with Lumetrics' OptiGauge

[See a comparison](#)

See information on RoLSS in the May issue of MD&DI

"A Midsummer Night's Dream"

### Lumetrics Recession Care Package

Lumetrics is offering a complete OptiGauge system with the Rotational Linear Scanning System (RoLSS) for only \$2,995 per month.

We provide everything you need to start saving money with decreased inspection time and reduced scrap. Increase your peace of mind through more precise, repeatable inspection readings. Stop by the booth at MD&M or NPE and ask us or call us at 585-214-2455 extension 102 or 121. [See the poster](#)

See Page 112 or see [RoLSS information from MD&DI](#)

### Refractive Index Calculation System (RICS)

Have you seen the new RICS system? do you wonder what the index of refraction is for each batch of material?

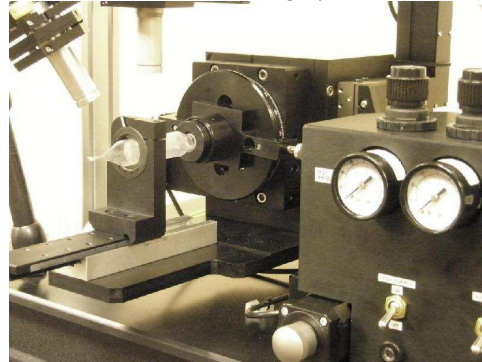

Lumetrics is Providing a fantastic device that allows you to easily measure Refractive Index of any of your material in Seconds.

[See more information on RICS](#)

### MD&M East NYC June 9-11

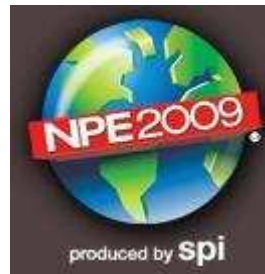

Lumetrics continues to add features and enhancements to the Rotational Linear Scanning System (RoLSS).

Additionally we will be displaying our X/Y Scanning system and our Ampoule measuring system that automatically measures the thickness of glass ampoules around their dome. Stop by and see us but also check out our You Tube videos demonstrating RoLSS functionality. Search for Lumetrics on You Tube or [review RoLSS videos here](#).

### Lumetrics & Kundig Control Systems

at National Plastics Exposition (NPE) Chicago June 22-26

Lumetrics announces a new OEM partnership with Kundig Control Systems. Kundig, a world leader in Capacitance gauges is teaming with Lumetrics to provide solutions for multilayer films and those sensitive blown films where any contact, even air pressure can be fatal to the film. Visit us at booth #S4048 to find out [more on Kundig](#)

Call us now if you want to know how we can help you save money and provide better quality and safer products - **On A Budget!**

Sincerely,

Steve Heveron-Smith
